HEID MUSIC SERVICE DEPARTMENT ACQUIRES STATE-OF-THE-ART ULTRASONIC CLEANING EQUIPMENT.

- Currently available in our Appleton and Green Bay locations, these ultrasonic machines are capable of cleaning the smallest of parts to the largest of tubas.
- HMC Service has long been a leader in quality repair, bringing environmentally-conscious and instrument-safe cleaning to customers.
- Heid Music worked with Tesch Chemical of Appleton to help develop Classic Brass Cleaner which is now widely used throughout the United States and Canada.
- We have now acquired the newest line of ultrasonic cleaners from Ultrasonic Power Corp. of Freeport, Illinois.
- These ultrasonic cleaners have all the latest improvements and are the first in the world to be equipped with Sonic Touch controls.
