Course Descriptions

Give your young child an advantage with this introduction to music education.

Our Musical Beginnings courses incorporate rhymes and songs to enhance children's ability to communicate, learn and create during their first five years, when brain development is at its peak.

The curriculum for these classes preserves the rich repertoire of traditional and folk literature to help children recall and learn songs and rhymes while nurturing wonder and joy.

All parent/child Musical Beginnings classes are 30 minutes, include 6 sessions and start June 26.

Now I'm One (12 - 24 months)

Experience the joy of music and movement with your toddler in this hands-on activity class. Singing, dancing, age-appropriate focused listening and instrument playing create an environment that fosters your child's musical ability.
